BIG FAIR is OPENED TONIGHT

CURTAIN WILL RISE AT 6:30

First Exhibition of the Best Corn and Tobacco Fair in Kentucky at The Liberty Tobacco Warehouse.

DAILY PROGRAM.

Tuesday—Governor's Day.
Wednesday—Lewis County Day.
Thursday—Carnival Day.
Friday—Farm Bureau and School Day.
Saturday—Ohio and Kentucky Day.
Vaudeville, 2 and 8 p. m. daily.

Governor Edwin P. Morrow will officially lift the curtain on the 1920 Corn and Tobacco Fair at the Liberty Warehouse at 8 o'clock this evening. The doors will be first opened to the public at 6:30 o'clock and with the Governor's address at 8 o'clock the fair will be on for the balance of the week. At 10 o'clock tonight the big social event of the week will be given in the form of a ball to be known as "The Governor's Ball." Governor Morrow and partner will lead the Grand March and music will be furnished by a splendid orchestra composed of local musicians and augmented by Cincinnati musicians.

The heavy sale of season tickets this morning demonstrates the popularity of this move by the managing committee. These season tickets are now on sale at the Chamber of Commerce and at the Warehouse. They can be purchased for \$1.25 for adults and \$1 for children admitting the holder to all sessions of the fair.

As an exhibition of corn, tobacco, garden truck and poultry as well as school room work, the fair promises to be a wonderful success. There have been hundreds of articles entered and the coops of the Mason County Poultry Association have been entirely filled. The entry clerks and their assistants have been very busy for two days.

As an advertising proposition the fair is again to be a decided success. The booths are well decorated and those attending the fair are promised much interest from the advertising booths which line the great warehouse on either side and end. Competition as to the best decorated booth is very keen. The automobile booths will probably be more beautiful than at any former fair.

The amusement will be of a very high class. A dog and pony circus, a woman contortionist and a Rube act will entertain the fair goers. There will be two presentations of each act each day at 2 o'clock in the afternoon and at 8 o'clock in the evening. The vaudeville acts will be necessarily delayed this evening because of the Governor's address. The Boy's Band will furnish music each evening during the week giving a concert preceding the vaudeville stunts. The Trinity Boys' Band will play a concert tomorrow afternoon.

Single admission will be 25 cents for adults and 15 cents for children. There will be no war tax charged either on the single admissions or the season tickets.

AMUSEMENTS FOR FAIR HERE; STAGE ENLARGED.

The amusements booked for the Corn and Tobacco Fair have arrived. The Society Circus act required a much larger stage than had been originally erected and workmen were compelled to enlarge the stage considerably. This act carries three ponies, a donkey and several dogs.

TAKEN UP FOR LUNACY.

John Lewis, colored, known as "Hogge John" was taken up by the police this week when complaint was made that he was acting queer. Lewis has been an inmate of the state asylum for the insane and an inquest into his sanity will be held by Judge Purnell and a jury on Thursday.

LEWIS COUNTIES ARE COMING HERE ENMASSE

Great Delegation of Lewis County Citizens To Be Here Tomorrow to Attend Corn and Tobacco Fair.

Word was received here today from Vanceburg that there would be a very large delegation of Lewis county citizens here on Wednesday — Lewis County Day at the Corn and Tobacco Fair. Many will come in automobiles but the large delegation will come by train. They are planning to get together shortly after the arrival of the train and led by the Trinity Boys' Band, of which they are justly proud, they will march to the Liberty warehouse.

While in Maysville Wednesday, the members of the Trinity Band will be the guests of the Chamber of Commerce and a banquet will be served them at noon.

There has been a closer bond between the people of Lewis and Mason county for the past year than ever before. This is due to the Farm Bureau of both counties which have worked together to the interest of all and the organization of a Boys' Band at Trinity has also been greatly helped by the interest of Mason county all of which has had a part in binding the people of those two great counties more closely together.

Our Lewis county neighbors will be welcomed heartily to Maysville and nothing will be left undone to make them feel welcome.

NOTICE TO THE PUBLIC.

We would like to call your attention, as you enter the big Liberty warehouse to see one of the best fairs of its kind that has ever been held in Maysville, Ky., you will find the Martins flying around one of the best pipeless furnaces — that we give a written guarantee bond with each and every furnace that we put out. Five years' guarantee by Williamson Heater Co., Cincinnati, Ohio. Stop at booth No. 6 and let us show and explain this wonderful furnace to you. J. T. Martin & Son, 129 West Second street, Phone 167, Plumbing and Heating.

YET TIME TO JOIN

THE RED CROSS. There is yet time to join the Mason County Chapter of the American Red Cross. The fourth roll call will close on Thanksgiving Day and those who desire to renew their memberships should see the various committeemen immediately. Every Mason county who was a member of the Red Cross last year should renew their membership and others should join.

LOAFERS NOT ALLOWED

IN WAREHOUSE. The doors at the Tobacco Fair were closed this morning by order of the managing committee to all except those who had business in the house as on Monday those decorating booths and making entries were greatly annoyed by loafers.

THANKSGIVING BIRDS

ARE NOT FAT. Local poultry dealers are complaining that turkeys are not fat this year. In dressing turkeys are supposed to lose about one pound but this year they have been losing more than two pounds, they complain.

NOTICE OF MEETING.

The trial of three young men on a charge of stealing coal from a passing C. & O. freight train attracted a large audience in Squire Fred W. Bauer's court this afternoon.

COMPROMISE IN EDDINS CASE IS NOT LIKELY NOW

Slayer of Cotton Mill Nightwatchman Will Again Be Likely Put On Trial on Charge of First Degree Murder.

A compromise for a reduction of the charge against Henry L. Eddins, the slayer of Ben Schumaker, night watchman at the Maysville Cotton Mills, to manslaughter, which seemed possible a few months ago, now seems unlikely. It is known that District Prosecutor Grannis rejected such a suggestion before the first trial of the case which resulted in a hung jury.

It appears that there will be nothing in the way of the trial of the case during the first week of the December term of the Mason Circuit Court which opens one week from next Monday. The refusal of the Court of Appeals to rule on certain points of law involving the admissibility of certain confessions as testimony leaves the case in exactly the same condition as it was when it was previously tried.

The elapse of time since the killing of Schumaker does not seem to have dampened the interest in the case and it is expected that great interest will be displayed by the public at the calling of the case. So far as has been learned, there has been nothing new developed in the case although the officials have been working on the case for several months. Attorney Collins, Cole and O'Donnell will defend Eddins while District Prosecutor Grannis and County Attorney Rees will have charge of the prosecution.

WILL OPEN THE FAIR

GOV. E. P. MORROW

ANNOUNCEMENT.

The Amazon Tobacco Warehouse Company wishes to announce that Albert T. Day has purchased an interest in the above named warehouse, to which he will give his entire time and attention during the coming season. Mr. Day needs no introduction to the Tobacco growers of the surrounding counties, as he has been associated with the Maysville market throughout its existence where he has always been rated as one of the most competent and able tobacco judges on this market. Mr. Day will be glad to greet his many friends at the Amazon this season, where through the cooperation of his services and C. C. Hopper, as sales manager, there is every assurance that the house will enjoy the highest market price during the coming season as has been its reputation in the past. 23Nov4t

SUPREME COURT UPHOLDS BUSINESS LICENSE TAX.

E. T. KIRK AGAIN HEADS TOBACCO ASSOCIATION

January 4th Is Selected By Maysville Tobacco Association As the Time For Opening of the Market.

The members of the Maysville Tobacco Association held their annual meeting Monday evening, re-electing the old officers for the ensuing year and appointing committees for handling the various matters coming up on the market during the season.

Tuesday, January 4th, was unanimously chosen as the date for opening the Maysville looseleaf market for this year and it was announced that there would be two sets of buyers on the market.

The officers and committeemen follow:

President—E. T. Kirk.
Vice President—T. A. Duke.
Secretary-Treasurer—J. C. Rains.
Supervisor of Sales—Wm. Mitchell.
Executive Committee—Raymond Heizer, C. M. Jones, Penn. Flaucher, Arbitration Committees—W. F. Steele, L. T. Gaebke, Lloyd Smith.
Sales Committee—J. W. Fitzgerald, T. A. Duke, John Clark, Jr., Stanton Clift, A. L. Powers.

At the meeting one year ago those present guessing on amount of tobacco selling on Maysville market each one putting up a dollar and the one guessing closest to take the whole amount and donate to Will Stockton's Christmas fund. E. T. Kirk's guess was closest, so \$10.00 is to be turned over by Mr. Kirk.

MR. BRUCE AUSTIN DIES SUDDENLY IN WASHINGTON

Maysville Man, Long Connected With the Government Printing Office, Died at Home Monday Evening.

Mrs. Fannie Carver, of Commerce street, was advised this morning of the very sudden death in Washington City last night of her brother, Mr. Bruce Austin, former local printer, who for many years has held a very important position as a foreman in the Government printing office.

Mr. Austin was about 55 years of age and was appointed to the Government position by Congressman Thomas H. Paynter many years ago. He was employed on the Daily Bulletin at the time of receiving the appointment.

Although he has long been located in Washington, Mr. Austin has always held to Maysville as his home making regular trips back to Maysville at each presidential election to vote. He did not make his regular trip this year because of the provision enabling him to vote by mail.

Mr. Austin's death was unexpected. While he has been ill for several weeks, he was not thought to be in a serious condition.

DUBLIN IS IN A STATE OF SIEGE; HOUSES SEARCHED

British Soldiers in Complete Charge of Irish Capital and Every House Is Being Carefully Searched.

Dublin, November 23. — Dublin is in a state of siege, today, with virtually every British soldier in the eastern part of Ireland massed in or around the city in the greatest military concentration in local history.

Every road and railroad is closed by the troops, and only persons holding permits are allowed to pass beyond the outskirts of the city. Even mail trains are held up. Telegraph offices are closed to all but censored press messages.

The troops are searching every house or other building in the city in the belief that the leaders in the Irish "murder campaign" are in hiding within the military lines. The raids are attended by more than the usual number of armed conflicts, and the total of dead and wounded, it is reported, will reach appalling figures.

BREAK OF PUMPS CUTS WATER SUPPLY.

A break of the electric pumps at the Maysville Water Company's pumping station this afternoon cut off the supply of city water for a short time. A supply of water was held in the reservoirs for fire purposes.

GOVERNOR IS HERE.

Governor Edwin P. Morrow, of Frankfort, arrived here this morning over the L. & N. and is the guest of Colonel and Mrs. J. Barbour Russell of Third street.

Col. F. H. Harper, Jr., of Springfield, expert sales manager, was here yesterday making arrangements to conduct a big sale in the near future for the McIlvain, Knox & Diener Company.

ALBERT T. DAY BUYS INTEREST IN AMAZON WAREHOUSE

Popular Tobacco Man Becomes Partner of Mr. C. C. Hopper in Management of Popular Looseleaf House.

It was announced this morning that Mr. Albert T. Day, well known local tobacco dealer, had purchased an interest in the Amazon Warehouse Company and that he would be actively identified with the management of this popular house during the coming season.

Mr. Day is one of the best known operators on the local market. He has been actively identified with the local market since its opening and has been manager of the sales at several of the larger houses on the market. He is recognized as an expert on tobacco and his connection with the Amazon during the next season will no doubt add much to the prestige of this already popular sales house.

Several other changes among the local warehouses for this season are being whispered about but no other changes are expected until the opening of the market on January fourth.

DR. WILLIAM BLAINE DIES AT YOUNGSTOWN.

MOTHER KILLS SON; SUICIDES

Horrible Tragedy Shakes Adams County, Ohio; "Good Bye, He Won't Get My Babies," Says Note Left By Distracted Mother.

One of the most horrible tragedies in this section of the country was enacted Monday in the Brush Creek neighborhood of Adams county, near Manchester when Mrs. William Tomlin, distracted because of divorce proceedings, killed one of her children, attempted to kill another and then took her own life by drowning herself in Brush Creek.

The Manchester Signal, under the progressive management of Editor Otis White, former Maysville newspaper man, issued an extra giving the following account of the tragedy:

Before 8 o'clock Monday morning, May Tomlin, 25, wife of William Tomlin residing one mile from the Brush Creek bridge in Monroe township struck her five-year-old son, Gillis, twice with an ax, almost severing the head from the body. Hazel, the three-year-old daughter, was struck once by a glancing blow across the chin, stripping all flesh to the neck. She will recover. Kenneth, two months old, was not touched.

The mother then left the two-room cottage stopping at the Gilbert home several hundred yards away and asked them to go to the Tomlin home. When they asked why she was overcome with emotion and started to the Brush Creek bridge.

This is briefly the facts of the bloodiest tragedy ever known in Monroe township. Under the bloody ax a pencil pad had this on it written in a bold firm hand.

"Good bye he won't get my babies."

OUR POLICY

A PROTECTIVE TARIFF OR AN INDUSTRIAL CRISIS.

The New York Financial World of November 1 publishes the following:

"A well known New York financier, who has been keeping more closely in touch with international policies than the average banker, says that he believes that the negotiations, if any, the new regime will initiate for giving the United States a place in the League of Nations, will be conducted without the least haste. 'We've got more serious problems at home, and international affairs will have to wait. If a Protective Tariff is not enacted promptly we shall be simply deluged with cheap goods from Europe and be face to face with an industrial crisis of no mean order.'"

We do not know who the "New York financier" referred to may be, but we venture the opinion that he does not belong to the group known as "international bankers." It is refreshing to hear from a prominent banker who has more interest in the industries of his country than in taking toll on imports. He has stated the situation exactly. The present tariff allows the cheaply produced goods of other countries to come in free of duty or at nominal rates of duty. Paying the high wages and other production costs which American producers do, it is simply impossible for them to meet the competition of "cheap goods from Europe" and the Orient.

As the consuming capacity of the country is limited, any great flood of cheap foreign imports means that our own productive industries must suffer accordingly. The foreign products displace American products and cheap foreign labor displaces well-paid American labor. That means unemployment, industrial disaster, business failures, want and suffering among working men and their families, and, finally, soup houses and bread lines. Even now it is too late to prevent them entirely, for our present tariff cannot possibly be replaced by one that affords adequate protection, for many months to some.

We still have four months of Wilson before us and a greater number of months of the Wilson administration tariff. When we realize, however, that the end is in sight, we feel like singing the Doxology.

Designed by an Illinois man, a new concrete mixer moves over the ground on endless tread traction members and delivers its product either with a swinging boom of a swivel chute. Invented in Europe, an arc lamp for projecting apparatus has a horizontal carbon rod for one electrode while the other is a water cooled copper ring surrounding the tip of the carbon.

Why Should Tobacco Be Graded By the
Growers at Home?

WHY SHOULD TOBACCO BE GRADED BY THE GROWERS AT HOME?
FIRST—Because the Warehousemen cannot get enough experienced Tobacco men, they have to employ men who work at other trades, such as Carpenters, Painters and Engineers for nine months in the year and never see tobacco until it comes to the Warehouse floor.
SECOND—A Load of Tobacco with all the grades separated carefully can be unloaded and put on Baskets at the Warehouse door in one-half the time, and the Grower will get back home much quicker than ever before.
THIRD—The Manufacturers' Buyer has argued for years, that Tobacco should be graded by the Grower, not by inexperienced Labor at the Loose Leaf Warehouse.
FOURTH—The large Loose Leaf Market, such as Lexington, never have graded Tobacco for the growers.
FIFTH—It does not save the Warehousemen any Labor, as they will continue to furnish men to unload each wagon as heretofore.
SIXTH—Who has always gotten the HIGHEST PRICE for their Tobacco? The Grower, who takes the most pains stripping, who sorts it himself, brings it to the Market, just as he wants it put on the Basket and sold.
SEVENTH—We are glad to say, We will have more buyers than ever. We will keep Tobacco moving quicker, and give growers better service, and will be as always the Market of Northern Kentucky and Ohio.

Their Medicine Chest For 20 Years

IT is characteristic of folks after they pass the allotted "three score years and ten" to look back over the days that are gone and thoughtfully live them over.

I find myself, at seventy-one, frequently drifting back a quarter of a century, when I see myself in the little drug store I owned at Bolivar, Mo., making and selling a vegetable compound to my friends and customers—what was then known only as Dr. Lewis' Medicine for Stomach, Liver and Bowel Complaints.

For many years while I was perfecting my formula I studied and investigated the laxatives and cathartics on the market and became convinced that their main fault was not that they did not act on the bowels, but that their action was too violent and drastic, and upset the system of the user; which was due to the fact that they were not thorough enough in their action, some simply acting on the upper or small intestines, while others would act only on the lower or large intestines, and that they almost invariably produced a habit requiring augmented doses.

I believed that a preparation to produce the best effect must first tone the liver, then act on the stomach and entire alimentary system. If this was accomplished, the medicine would produce a mild, but thorough elimination of the waste without the usual discomforts, and make the user feel better at once.

After experimenting with hundreds of different compounds, I at last perfected the formula that is now known as Nature's Remedy, which I truly believe goes further

and does more than any laxative on the market today. The thousands of letters from those have convinced me I was right, and that the user of Nature's Remedy as a family medicine, even though he may have used it for twenty-five years, never has to increase the dose.

My knowledge of medicine and the results of its use in my own family and among my friends, before I ever offered it for sale, caused me to have great faith in Nature's Remedy from the very first.

And now as I find myself nearing the age when I must bow to the inevitable and go to another life, my greatest pleasure is to sit each day and read the letters that each mail brings from people as old or older than I, who tell of having used Nature's Remedy for ten, fifteen and twenty years, and how they and their children, and grandchildren have been benefited by it.

It is a comforting thought, my friends, for a man at my age to feel that aside from his own success, one has done something for his fellow man. My greatest satisfaction, my greatest happiness today, is the knowledge that tonight more than one million people will take a Nature's Remedy (NEB) and will be better, healthier, happier people for it. I hope you will be one of them.

THE REAL VICTIMS OF DIVORCE.

The pathetic question put by a little girl to the person who was taking her from one temporary residence to another, "Why do I have to live in so many different places?" is indicative of the child's innate love of established conditions and familiar care. The necessity of readjustment to a new environment, and learning new faces and new ways is a real trial to a child, who unconsciously values permanence in the things to which it is accustomed, and often suffers from homesickness without knowing the reason of unhappiness.

The future of the child in cases of separation and divorce is too seldom sufficiently considered by those desirous of release. They think only of their personal grievances, the things that concern themselves. As for the children, they think they can "manage somehow." Not a few of the boys and girls who fall into evil ways are the practically homeless children of the divorced who have remarried, and who become a cause of contention in the family or feel themselves unwanted and compelled to shift for themselves. The worst feature of divorce is that it breaks up the home and that that factor in the case is too little considered. It seems passing strange that parents value their children so lightly that they are willing to make them half-orphans, while those to whom children are denied covet them so much that the demand for babies for adoption is greater than the supply.

The family squabbles over the possession of children may possibly not be altogether the outcome of affection or a consideration of their welfare. The satisfaction of a grudge, the desire to inflict a hurt through the affections—always the keenest of pangs—may be at the bottom of the claim. A man may be indifferent to his children until he sees them, past the troublesome age, pretty and winsome. Then he enforces a legal claim against a mother whose care has brought them through the perils of babyhood. All he can give them is hired service, or a stepmother who may or may not prove a real mother. The children thus transplanted must re-establish those roots of love and confidence that mean so much in child life, while doubtless wondering why the change. It is sometimes charged children do not value their home "as they ought." How should they value a blessing they have always had, save through its loss?—Cleveland Plain Dealer.

A LOST ART.

The old-fashioned spelling bee in the church parlors, or at the community "sociable" and the custom of "spelling down" toward the end of the school year, had their good uses. In the days of our daddies it was considered a disgrace not to be able to spell, not only the words in ordinary or even occasional use, but words which seldom saw the printed page. Competition under the eyes of fellow scholars had the effect of putting mental mutilage into the memories of the spellers.

Today ask almost any employer as to the spelling of his young stenographers and he will throw up his hands in horror. He will say that they "spell with a lick and a promise," going at it phonetically and blaming the sad result upon the typewriter. In other times spelling was taught to classes which chanted the words in unison until the arrangement of letters was impressed upon the memory. Modern teachers eschew this method as archaic, but they seem to have produced nothing better.

Down at a North Carolina resort last summer an old-fashioned spelling bee was conducted. The spellers were summer boarders of a class which usually has had considerable education. Most of the contestants were able to spell the simple words. Yet 91 per cent. failed on "eleemosynary," but a few failed on "connoisseur," while in the order named "tranquillity," "questionnaire" and even the ubiquitous "ouija" tripped most of the confused rivals. When it came to spelling "Cincinnati," many of the spellers refused the proper allotment of "n's" or were overgenerous with their "t's."

Orthography is becoming a lost art. Most of us want our children to be better spellers than we are ourselves. But when listening to the youngsters stumbling through their "night work" in the evening hour, the prospects do not look rosy. Perhaps a little of the drill and the fun of the old-fashioned spelling bee would give the youngsters a better start.—Cincinnati Times-Star.

MAYSVILLE EVIDENCE FOR MAYSVILLE PEOPLE

The Statement of Maysville Residents Are Surely More Reliable Than Those of Utter Strangers.

Home testimony is real proof. Public statements of Maysville people carry real weight. What a friend or neighbor says compels respect. The word of one whose home is far away carries more weight.

Here's a Maysville man's statement. And it's for Maysville people's benefit. Such evidence is convincing. That's the kind of proof that backs Doan's Kidney Pills.

Ask your neighbor! Henry S. Gallenstein, blacksmith, 124 W. Third St., Maysville, says: "My kidneys were out of order and I had pains through my back. Doan's Kidney Pills put an entire stop to the pains and my kidneys became well."

RESULTS THAT REMAIN

Over four years later, Mr. Gallenstein said: "I haven't had any need of a kidney medicine since I last recommended Doan's Kidney Pills. The benefit they gave me has been permanent."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Gallenstein had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

HE HARDLY dared to sleep.
LEST HE miss the call.
AND SAY! One evening.
HE GOT an answering buzz.
"YEP, THIS is Mars."
AND HIRAM shook all over.
AND STUTTERED back in Morse.
"HAVE YOU any word.
FOR US on Earth?"
QUICK CAME the answer.
"YOU CAN tell the world.
THEY SATISFY!" Then silence.
HIRAM RAN to the corner store.
AND SHOUTED in triumph.
"A MESSAGE from Mars!

BOY KILLED, GIRL HURT

UNDR LUMBER PILE.

Cynthiana, Ky., Nov. 23. — Russell Franklin, six-year-old son of Mr. and Mrs. Tom Franklin, was killed and Ellen Tolle, six-year-old daughter of Mr. and Mrs. Clarence Tolle, was badly injured Sunday afternoon when a pile of lumber near which they were playing fell and crushed them.

Older children had climbed the lumber pile, which overturned on the two beneath, crushing the boy's chest and injuring the girl's head so that her recovery is doubtful.

The accident occurred in the rear of a blacksmith shop in the neighborhood of the children's home.

ELLIOTT COUNTY HOLDS UP ELECTION BOARD.

Frankfort, Ky., Nov. 22. —Confronted with a satisfactory mandate to canvass the vote of the November election today and issue certificates of election to those having a majority of votes, as certified, the State Board of Election Commissioners today recessed without issuing certificates to the Presidential electors, awaiting returns from Elliott county.

On the face of returns as certified W. J. Deboe, Republican candidate for Presidential elector from the State-at-large, has a majority of 339 over Guy Patterson, Democratic candidate for the Eleventh District. Elliott county gave a Democratic majority of something like 1,000, and to issue a certificate to Mr. Deboe, Attorney General Charles I. Dawson advised the board, simply would put Mr. Patterson to the trouble and expense of instituting a contest with the certainty of winning it.

The board will reconvene when the Elliott county returns are certified and issue certificates to the electors receiving the highest votes.

MOTHER KILLS SON; SUICIDES.

(Continued from first page.)

I can't stand to give them up." This was on the bureau. "November 21 Judge Will P. Stevenson if William sues for divorce in your court please notify me and send a suppliant to S. A. Bently, Yours, respectfully, Mrs. May Tomlin."

Mr. and Mrs. Tomlin were married seven years ago. Last February he left the home and was ordered by the court to pay his wife \$5 weekly. He has made four payments.

Mrs. Bilyue, of Manchester, a sister recently visited the home and assured Mrs. Tomlin that she would be properly cared for and not worry about the babies that the father would not want them if permitted to take. This consolation quieted her at the time.

Wallace Pixley and John Tomlin were the first to reach the cottage soon after 8 o'clock. Gillis was lying on the floor dead but the body was still warm. Three-year-old Hazel was on the bed, screaming, choking from the blood running in her mouth.

Dr. Morgan and Ross Mowery reached there at 9:30. Two-months-old Kenneth was sent to John Tomlin's. Dr. Morgan patched up Hazel and she was also sent to the Tomlin home. Acting Coroner Davis Collings held an inquest concerning the dead boy using Wallace Pixley and Ross Mowery as witnesses.

The body was taken in charge by Wilson and burial will be determined later.

When the distracted mother left the home she had three hundred dollars in war stamps and the price of a span of mules that she had recently sold, on her person. Ninety-two cents was found at the cottage.

All preparations had been made for winter. Several suits of children's wear were neatly folded and children's toys were boxed in a motherly fashion. Everything about the cottage was in order; even the flow of blood from the healthy country youth coursed over a clean bare floor. Aged neighbors who called to tender aid, turned at the ghastly conditions of the once orderly home.

Monroe township as usual in an emergency turned out in a body to lend a hand in any manner suggested. The father of the children was at John Tomlin's home but did not express an opinion on the misfortune of his home.

At 3 o'clock the body of Mrs. Tomlin was found in Brush Creek near the bridge by a Mr. Davis. Coroner Warner will have charge of the inquest. The money supposed to be on her person was not found and is probably in a Manchester bank. The body of the unfortunate woman was brought to a Manchester morgue Monday afternoon.

Mrs. Bilyue, sister of the deceased is wearing up like a heroine in order to render aid during this trying ordeal. Burial for mother and son had not been provided for at press time. The action of William Tomlin is now being denounced in scathing terms by his Monroe township neighbors.

SOME PEOPLE HAVE A HARD TIME OF IT

Trying To Get Along With Low Vitality and Weak Blood.

NOT FAIR TO THEMSELVES.

Pepto-Mangan Builds Rich Red Blood And Restores Strength.

If you want to succeed in your work—to get to the top, look first to your health. Be physically fit. Keep your blood in good condition.

If your blood is bad, you lose enthusiasm. Little things bother you. Instead of concentrating on your work, you drowse. You try to pull yourself together. It takes all your energy to do just average work.

Perhaps your blood has become clogged with poisons. You are just beginning to feel it. You need the good blood tonic, Pepto-Mangan. It contains ingredients that feed your blood and purify it. You get more red corpuscles. Then your energy comes back and you eat better, feel better, and look better. It shows in your daily work. You get things done without exhausting yourself. You get back to normal—the way you should be.

There is but one genuine Pepto-Mangan and that is "Gude's". It is put up in both liquid and tablet form. Each has the same medicinal value. Ask your druggist for "Gude's" and look for the name "Gude's" on the package. If it is not there, it is not Pepto-Mangan.—Advertisement.
